Teachers' Day Celebrations

Science Buzz

- 1. Research paper by Harsh Gupta**
- 2. Zonal Level science Competition**

Modern School celebrated Teachers' Day on 5th September 2018. It was a grand celebration with multiple entertaining programmes by teachers and students which included songs and dances and a riveting medley of evergreen melodies. The students and teachers savoured the ballerinas pirouetting with elan and poise. The senior teachers, who will retire this year, were give a token of appreciation by the Principal for their lifelong work in Modern School.

Glimpses of Teachers' Day 2018

Graphics Department gifted a portrait of Dr Sarvepalli Radhakrishnan to the Principal.

Rock Stars of the Teachers' Day Mr Vikram Sharma, Ms Shalini Dahiya and Ms Parul Batra

Principal Dr Datta holding the Epic Ball bowled to him by Mohammed Azaruddin which saw him hitting a Sixer- an event that will be etched in the history of Modern School

The celebrations saw Mrs Lata Kishnani delivering the News for the Day which was brilliantly articulated and very well received . The S7 were all dressed in traditional sarees and kurta churidaars. The Principal Dr Vijay Datta first read out the letter by Lalaji and then went on to wish the Teachers on the occasion of Teachers' Day.

Technology Department greeting Dr Datta on Teachers' Day

He got the moves Maccha!

The students took to the dance floor with enthusiasm after being invigorated by the rousing beats of the DJ. A grand lunch was organized by the School and gifts were given to every teacher.

Lucky Dip winners

Dr Datta picked out some lucky dip chits and gave away the prizes to the lucky teachers like Mrs Prabha Bhaghat , Mrs Hema Bajaj, Mrs Sonia Kapoor, Flt Lt Sunita Dixit, Mrs Sunila Kalra to mention a few.

Queens of Melody

The cornucopia of favourite classic numbers like Ms Neha Jindal's 'Dekha ek khwab' And Ms Deepika Prashar's 'Blowing in the Wind' and the wonderful ensemble of the synchronized trio of Ms Shalini Dahiya, Ms Parul Batra and Mr Vikram Sharma were the highlights of the day.

SCIENCE BUZZ

Modern School student creates an app that will cure backaches

Harsh Gupta of S7-C has launched a smart phone app that can help back-pain sufferers track and control their condition. After months of suffering from acute upper back illness due to excess smart phone usage, the 17-year old designed and developed 'Spined', an Android application that detects bad posture. The app then issues warnings to coax users into switching to a back-healthy posture. Dainik Jagran covered Harsh's innovation on the front page of Sunday's edition. Mid-Day has also written a detailed article on Spined application. Harsh's research paper titled 'Smartphone Based Cervical Spine Prevention' has been published in the February edition of *International Journal of Software Engineering and Applications (JSEA)*. He has also filed an Indian Patent for the same, which is expected to be granted in a couple of months. The android app was **#1 Trending in Health and Fitness** on Google Play Store for two days after the release. It has fetched more than 2000 downloads and 50 reviews with 3.2 rating currently. Harsh is still crafting the app to perfection so that everyone can lead a posture-healthy life!

Zonal Level Science Exhibition And Science Activities 2018-19

The Government of India organized a zonal level science exhibition and multiple science based activities. These activities were held from 28th of August to 7th September 2018 at different venues in Delhi and NCR. Farhaan Ahmed (S4C) and Sanvi Anand of (S5E) participated in the Science Quiz held at Shyma Prasad Vidyalaya, Lodhi Estate on 28th Aug 2018. Our students Arnav Dayal

Ria Devika Bhasin secured the third prize at the zonal level for her model

(S4 B), Yashas Mittal (S5E) (Senior team) and Ria and Raina Singh (S1G) (Junior Team) participated in the National Children Science Congress Project Development Competition on 30th August 2018 at the SKV, Pandara Road with its chief focus on Green Energy. At the Science Exhibition and Fair held at Dr Rajinder Prasad Sarvodaya Vidyalaya, President Estate on September 4th 2018, our students Ria Devika Bhasin (S1G) and Raina Singh (S1G) presented a working model on 'Health Cleanliness and Environment'. The Chemistry Department ably coordinated these multiple events.
