The Interact Club of Modern School, Barakhamba Road organised a session on crowdfunding on 24th January, 2019 in the HLL Auditorium for the students of class S4. The speaker for the occasion was Mr Ranganath Thota, Founder and CEO of “Fuel a Dream”, which is an online crowdfunding platform that is changing the lives of 2.2 billion people in India and Africa. Mr Ranganath eloquently explained the basics and fundamentals of crowdfunding through an interesting interactive session. Crowdfunding is the practice of funding a project or venture by raising small amounts of money from a large number of people, typically via the Internet. He then proceeded to introduce the students to his platform “fueladream.com” which is making a difference in the world by raising funds for numerous causes as well as innovations including electric-bikes, jackets with distinctive features as well as smart wallets. Speaking about how lakhs and crores of funds can be raised in just a couple of days, Mr Thota encouraged the students to join him in working for a good cause. He gave examples of various successful projects that he had carried out with numerous other schools, speaking about how they collectively managed to raise funds for causes ranging from education to treatment for cataracts and also encouraged the School as well as its students to join a vast community instrumental in extending a helping hand to the needy in society.
