With the curtains coming down on 2019, nostalgia gripped everyone as this happened to be a very significant year with our legendary School entering its 100th year and the coming year 2020 promising to be the busiest with numerous events in the offing to celebrate the same .

The school hustled and bustled with numerous activities during the last week of December with the Board going classes completing their Pre Board Examination and gearing up to give their best in the upcoming Board Examination. Beating the chill , the students and the faculty zealously prepared for the Principal's Conclave to be held in the first week of January

PRESERVING MOMENTS

True to the saying “Good times come and go but school memories last forever” Modern School organized the class photographs from 24th-28th December 2019 to immortalize the precious memories and moments that students would cherish for their entire life. These photographs are

not just mere pieces of paper or records but reflection of the student’s personalities, their bonds and their experiences. An abundance of mixed emotions were visible amongst the students of the Batch of 2020 as they faced the camera in the School’s front lawns. The students were required to reach school in proper uniform and report in the majestic front lawns of our century old School; promptly on the stipulated time for a photograph with the Principal, Headmistress and teachers.

S7A

SCIENCE SECTIONS

S7B

The students of our Science Batch are very promising and versatile. They are academically brilliant and have won accolades in fields like chess, equestrian, yoga, golf etc. The students are also

S7C

actively involved in arts and culture. Many of them have done path breaking work in community service too.

S7D

S7E

COMMERCE SECTIONS

S7F

The Commerce students are a vibrant group of young ignited minds with an outstanding business acumen, innovative skills, analytical bent of mind and an incisive mindset .The School wishes them a bright and fulfilling

S7G

future wherein they will not only be able to effectively meet the unique and logistical challenges of the dynamic world but will also emerge as the most deserving torch bearers of a truly global vision.

S7H

HUMANITIES SECTIONS

S7I

Humanities is a wide discipline which opens the doors for endless career options which includes history, philosophy, geography, law, politics, education and research. The humanities students excel in articulation skills and score with a better knowledge of human ideologies, beliefs and experiences which gives them the opportunity to feel a sense of connection with those who have come before us, as well as with their contemporaries. These students are goal oriented, great communicators, great facilitators, think tanks, coordinated and decisive humanitarians in the making.
