ASTRONOMY CLUB

Module two of the Astronomy club had a **Spectroscopy session** on 19th July 2017. The aim of the session was to enlighten the students about the 'Spectrums', their types and their formations. Many activities were conducted along with theory lessons to clarify this concept. The second activity was an absolute delight. The students were introduced to new equipment for a hands –on experience of diffraction grating to see a much more beautiful and vibrant rainbow. Finally, the students used the technique of spectroscopy to detect the presence of various gases in the stars. This session provided information and learning for the children.

A VISIT TO NATIONAL UNIVERSITY OF SINGAPORE (N.U.S.)

MODERN AT N.U.S.

The students of class S5, S6 and S7 attended a Science Camp held at the National University of Singapore from 23rd July 2017 to 28th July 2017. The students learnt about the basic fundamentals of different complexities in the field of science which were captured through lectures and demonstrations. The students were mesmerised by the lectures of the experts on various topics like 'Driverless cars',

'Genetic engineering', etc. The exciting part of the camp was the visit to the Google office- where the students got an insight on how the employees of a company manage to present all the data they gather, in the simplest form possible. The trip to Sentosa Island was a memorable one. This camp was a great opportunity for all the participants to learn about applied sciences.

FAREWELL OF MRS. MANJU KANT

Mrs. Manju Kant H.O.D. Sanskrit, retired after more than two decades of exemplary service to the school. She was given a warm **farewell** by the staff on 28th July 2017.
