Students under the guidance of Ms. Neelu Kholi had put up an exquisite Ikebana exhibition, which was a perfect blend of modernity and tradition. Ikebana is the Japanese art of flower arrangement. It is a disciplined art form of creative expression, in which the arrangement is a living thing, where nature and humanity are brought together.

PEER MENTORING – A CONFIDANTE

The Peer Mentoring Society of Modern School conducted an outdoor session with the S1 students in the month of August.

Planned under the guidance of Ms. Cimeran Kher, the session comprised of activities related to learning and Self-concept.

Self-concept is the idea we hold about ourselves. In today's time, self care and self esteem have become very important. The mentors took on interesting techniques to teach the students the afore mentioned concepts.

The basics of learning help in understanding our behaviour patterns better and help enhance our self image and self worth. The aim was to help students improve their learning patterns. Several tips were given that can be used by the students in their day to day lives and thereby improve their learning. The session was conducted in the front lawns of the school.
