One group of the international delegates along with the students of the Interact Club of Modern School visited the Cheshire Home and got a deep insight into some of the bitter and disillusioned realities of life which turned out to be an eye opener for them. They interacted with the residents and learnt about their life experiences. Thereafter they showcased their talent by performing songs for them. This was indeed an experience of a lifetime for our students and the delegates. A second group of delegates visited Palna, a home for abandoned and destitute children.

Palna offers a second home to children of all ages and special needs. The delegates were welcomed with a classroom full of kids, buzzing with excitement to meet new people. The delegates played snakes and ladders with the youngsters, gave them chocolates and also danced and sang with them.
